### **Background**

Coastal VIM provides free healthcare to the uninsured with family income below 250% of the Federal Poverty Level. We have served over 600 patients in southern Ocean County since April 2013 and get two to three new patients a week! There are more than 30 million nationally, over 632,000 in New Jersey and 76,000+ right here in Ocean County who remain uninsured after the Affordable Care Act.

CVIM is part of a national network of 96 clinics working as part of the solution to healthcare for all since 1994. Operating under the "culture of caring" philosophy, we believe the way a person is treated during a clinic visit is as important as the medical care they receive.

Our Medical Directors are Edward Niewiadomski, MD and Kim Hogan, MD. Our clinicians include one additional MD and ten Nurse Practitioners - seven Primary Care; two Pediatric and one Psychiatric. We operate entirely on grants and donations and the only Federal government assistance we receive is in the form of free malpractice coverage. Among our current organizational supporters are the Horizon Foundation for New Jersey; SOMC; BioReference Laboratories; New Jersey Cancer Education and Early Detection; OceanFirst Bank Foundation; Ocean County Health Department; NJ Commission for the Blind; Barnegat Family Chiropractors and Seaview Orthopaedics.

Your tax deductible contribution will enable us to continue serving those who are uninsured and of low income in our area. Please feel free to call us with any questions or for more information (609-891-5482). Tickets are available at [coastalvim.org](http://coastalvim.org).

Looking forward to celebrating with you,

Sonia Rich-Mazzeo, APN  
Chair & Executive Director
